#### Addicted to this Speed Cube!

August 23, 2017

**Verified Purchase**

My husband is so addicted to speed cubes that he wears them out on a regular basis. He says he loves this KickFire Kube because the mechanism is really smooth, which makes his spins nice and easy. I like the Kube because the colors are bright and the curved corners make it easy to handle. Now my husband has taken the Kube to work so he can use it to destress. Guess I'll need to buy one for myself now!

#### My 9 year old son loves it...

January 6, 2018

**Verified Purchase**

My son tried the original rubix cube and just got very frustrated and disappointed at the complexity...so he seen this one. And the corners turning makes this rubix cube still difficult bt not as difficult as the original...he still can't complete this one but is at least able to get a few sides right away making this alot more fun for him

#### Better than the original

July 25, 2017

Way more smooth than the old cubes I used to play with. This is a great updated version of an old classic. I didn't think it would matter but, the rounded corners are a nice touch. The kids love it and play with it all the time. I should have bought one for each kid!
